SUPERIOR AS STANDARD

# Welcome to Lakes Bathrooms

Of all the rooms in your home, the bathroom should be a space for refreshment and relaxation – a place to invigorate and prepare for the day ahead or to return home, unwind and pamper mind and body.

In our book, this book, that means you and your bathroom deserve the best. Products which will serve you day after day, shower after shower – simple, elegant, practical and faultless.

Tewkesbury Warehouse

It's why we use only the finest materials, and it's why you'll find a lifetime guarantee on shower doors, enclosures and bath screens for domestic application, protecting you against any manufacturing or material defects. If it's our fault we won't quibble and we'll supply any replacement parts totally free of charge.

Then comes our AllClear coating. You can read all about its benefits over the page but in a nutshell it means you can enjoy more time cleaning your skin and spend less time cleaning your shower.

Some other manufacturers offer similar coatings as an expensive extra. At Lakes we're fanatical about the many benefits of our AllClear coating and want all our customers to experience it at no extra cost – hence 'superior as standard'.

## Superior as standard

Our name may be unfamiliar to you but we have been a leading manufacturer and supplier of shower enclosures, doors and bath screens to the trade for more than 25 years. We are trusted and recommended by professional stockists and installers who appreciate both the value and values our products represent.

As an independent, family run firm, quality really does matter to us, in how our enclosures perform and in how we perform supporting our customers.

Quality Craftsmanship

## Choose choice

Even with our experience we have never seen two bathrooms that are exactly the same.

Which is why we offer such a wide choice of designs and styles, arranged in two collections, to help you bring your ideas to life from a simple en suite to a designer wet room.

## Stay in the flow

We like to stay in touch with our customers and share all things shower (like people's favourite shower songs), so please do hook up to our social channels.

## From brochure to shower

If you have come to Lakes through one of our stockist or installer partners we are sure you will be very happy together and they will be pleased to answer any questions you may have.

If you need to find your nearest stockist, or if we can help in any way, by all means call us during office hours on **01684 853870** or visit **www.lakesbathrooms.co.uk**

NEW

See your bathroom's  
true colours through  
PureVue<sup>HD</sup> ultra clear  
low-iron glass\*

Standard glass  
has a green tinge

PureVue<sup>HD</sup> glass is optically  
superior and ultra clear

# Brilliantly new. Clearly you

The revolutionary introduction of PureVue<sup>HD</sup> glass at no extra cost on every single product in our Classic and Coastline Collections brings a clear edge to your bathroom.

PureVue<sup>HD</sup> is a high quality, optically superior 'low-iron' glass.

In standard glass its iron-oxide content shows itself as a green tinge that's most apparent when you view the edge of the glass, but which also affects and tints everything seen through it.

PureVue<sup>HD</sup> by comparison is dramatically clearer. The reduced iron content reduces the greenish hue to zero levels. Tint free, it enables the natural beauty of anything seen through the glass to shine through.

For the first time it brings to your bathroom the natural colours, sharpness and enhanced clarity that high definition TV brings to your living room.

## Clearly superior

Very high transmission levels enable as much light as possible to pass through, making everything lighter and brighter.

From your carefully chosen bathroom tiling and décor, to fittings and accessories, you will see a purer vision of everything but the glass, which almost disappears. And the thicker the glass, the stronger the greening effect of iron-oxide becomes, so the greater the difference PureVue<sup>HD</sup> can make.

Combined with our advanced AllClear coating (see page 6 for details) it gives every Lakes enclosure, walk-in and bath screen a very clear edge.

## Superior as standard

You might expect such a dramatic advance to cost more, and typically low-iron glass can cost up to 50% more than standard glass.

However, by being true to our promise to offer every customer of Lakes 'superior as standard', and by integrating PureVue<sup>HD</sup> across the range in our own high efficiency production facility, we are able to bring you this additional clarity without any additional cost.

Exceptionally clear and exceptional value – see your bathroom in its true colours with PureVue<sup>HD</sup> glass, exclusively from Lakes Bathrooms.

## PureVue<sup>HD</sup> glass

## Standard float glass

# AllClear®

## The eco-friendly stay-clean coating

We believe your shower time should be lavished on you, not be spent cleaning and scrubbing the enclosure.

It's why our AllClear stay-clean coating is standard *on both sides of the glass* on every single product in our Classic and Coastline Collections.

AllClear's advanced technology effectively cleans your shower for you, repelling water, lime scale and soap scum so a quick wipe is all that's needed to keep that 'as new' sparkle, and it's kinder to the environment too.

Watch the movie

We've made a short, informative movie that illustrates just how effective AllClear is, which you can view online at: [www.lakesbathrooms.co.uk/allclear](http://www.lakesbathrooms.co.uk/allclear)

Untreated glass

Treated with AllClear®

## Good for you, better for the environment

AllClear is truly eco-friendly. Water sheets off the coated glass, washing away soap scum and grime as it goes, so it's more hygienic. And with less bacteria, there's less need for harsh chemical cleaners, which is kind to the environment and to your pocket.

## How does it work?

Look into a microscope and you would see that standard glass actually has a pitted surface to which water, lime scale and soap scum can cling, building up with every shower and requiring regular scrubbing to keep your enclosure clean and hygienic.

Inspired by nature, our AllClear coating forms an invisible, microscopically smooth shield to prevent this build up of grime.

AllClear's hydrophobic properties cause water to run off freely, washing away residue and dirt as it goes.

It's an amazing effect that has to be seen to be believed – one reason why we've produced a demonstration movie so you can see the AllClear magic for yourself.

AllClear protective coating actively repels water and grime to stay looking cleaner for longer.

Water and grime cling readily to untreated, uneven glass surface.

## Free to enjoy

Some manufacturers charge in excess of £100 to apply similar coatings as an optional extra. Only Lakes brings you the extra benefits of AllClear protection on both sides of the glass at no extra cost. **AllClear is guaranteed to outperform untreated glass for 3 years**, so you're free to enjoy every refreshing minute of showering.

## Clearly better

AllClear not only means superior performance, it's a superior product in its own right, proven to outperform other coatings on the market.\*

Glass coated with AllClear also has greatly enhanced impact and abrasion resistance and 20% more brilliance.

\*Conclusion derived from extensive tests conducted by the Institute for Glass Science and Engineering, New York.

## Optimised performance

You can also purchase the 'Surface Protection System' kit in our online shop to help keep your AllClear enclosure performing at its best throughout its guaranteed period:

[www.lakesbathrooms.co.uk/allclearsps](http://www.lakesbathrooms.co.uk/allclearsps)

# Find the shower for you

If you've got as far as our brochure, you're probably already juggling all sorts of options from room layouts and shower types to tiles, taps, flooring and furnishing.

Our two Collections are designed to fit with your plans or inspire new ideas; to blend in

with other elements or to stand out as the focal point of a bathroom.

The Classic Collection reflects its name – stylish, versatile and elegant. By contrast, Coastline is the last word in glamorous showering – contemporary, sleek and luxurious.

## Classic style

From urban chic to Victorian splendour, bathroom design is very much a personal choice.

Our **Classic Collection** of enclosures and screens, available in an anodized silver or clean white finish, have been designed to complement and enhance any space.

Simple, clean lines, smooth running doors, effective seals, functional handles and hinges and a wide choice of styles give you the freedom to create your dream scheme.

Plus of course you have the superior performance of our PureVue<sup>HD</sup> glass and AllClear coating to enjoy as standard.

## The natural beauty of Coastline

Sculpted from the strength and simple beauty of 8mm and 10mm toughened safety glass panels, each design in the **Coastline Collection** brings the pleasure of showering to life with an illusion of space, furthered by the addition of our new Semi-Frameless range to the collection.

Subtle variations in size and arrangement mean there's a design to complement most room plans, and each enclosure can be installed as a wet room or accompanied by an elegant low profile shower tray.

With our PureVue<sup>HD</sup> glass and AllClear coating as standard throughout, Coastline combines chic continental style with easy-clean practicality for a lifetime of showering pleasure.

# MIRROR™

Add a mirrored finish to your enclosure, door or bath screen.

We believe your bathroom should be a reflection of both practicality and style – as easy to live with as it is beautiful to look at. Which is why we are so excited about the development of our innovative Mirror coating. The mirrored-glass finish is available on all our most popular enclosures, doors and bath screens.

Beyond the functionality of a full-length mirror and shielded showering space, the reflective surface creates a sense of contemporary living and the illusion of additional light and space to any bathroom design.

Without the need for additional wall-mounted mirrors, you can free up valuable space and keep your room clean and uncluttered.

All Mirror designs can be found in the new Lakes Bathrooms Mirror brochure – available from your local stockist or to download at [www.lakesbathrooms.co.uk](http://www.lakesbathrooms.co.uk)

## The illusion of space

Bathrooms are rarely the largest room in the house, which makes the effective use of space even more important. Our Mirror finish not only creates the illusion of space but also frees up actual space, by providing an essential built-in, full-length bathroom mirror that doesn't require a wall.

## Additional light

It's important that a bathroom feels light. A mirrored surface helps to spread light further, reflecting any source, to brighten even the smallest of bathroom spaces.

## Practical in every aspect

Providing all the advantages of a full-length mirror in a space that can't always accommodate one, the reflective surface is practical not only in its common uses, but also in providing improved privacy.

## A lightness of touch

The seamless reflective finish of our Mirror option sits perfectly within the clean lines of our shower enclosures, providing you with more design possibilities in the bathroom.

# Specifications, Shower Trays and Accessories

The same high standards we employ in the manufacture of our enclosures and bath screens are reflected in our shower trays and accessories.

# Specifications

Quality is all about detail and whichever enclosure you choose you'll find real attention has been paid to every aspect of design, function and finish.

**Please note:** All measurements are approximate and subject to change without prior notification. All product images are for illustration only and subject to change without prior notification.

## Frames

Our elegant aluminium frames are available in two distinctive finishes. Choose from anodized polished silver or a clean white powder coated finish. All enclosures, doors and screen heights are measured from the top of the tray or bath.

Choose from White Powder Coated or Polished Silver Anodized finish

Concealed Fixings (Classic Collection: Framed and Semi-Frameless Corner Entry; all Quadrants; Bow Fronted Slider; Curved Corner Slider; Walk In; Shower Screen. Coastline Collection: all products.)

Semi-Frameless Cover Caps

## Safety Glass

In cheaper enclosures it's often the quality of the glass which suffers. Our products are sculpted from toughened glass, approved to BSI EN12150-1 in a range of thicknesses (see product pages).

Toughened Safety Glass

## Handles

Smart and practical bow handles in matching stainless steel or white (Classic Collection) or die-cast chrome (Coastline Collection) are fitted to all semi-frameless products. Towel rails are supplied where specified.

Stainless Steel Bow Handles (Classic Collection)

Die-cast Chrome Bow Handles (Coastline Collection)

## Extension Profiles

Our high quality extension profiles can be used to bridge gaps in non-standard sized openings (detailed on relevant product pages).

Aluminium Extension Profile

## Doors and Seals

All our doors are fitted with an easy glide mechanism. All sliding doors in the Classic and Coastline semi-frameless ranges feature roller bearings and clips, which are adjustable to allow for fine tuning of door alignment and clip out to allow for easy cleaning.

Magnetic seals feature across the Classic Collection as well as the Valmiera and Malmo models in the Coastline Collection Semi-Frameless Range, whilst the remainder of this range utilises a discreet cushion-fit seal.

*Classic Collection Roller Bearings and Clips*

*Coastline Collection Roller Bearings and Clips*

## Flexibility

Many of our products can be made available in special heights and widths. Please contact Lakes Bathrooms for more details.

## PureVue<sup>HD</sup> Glass Imagery

Imagery has been retouched to accurately portray the colour difference between 10mm PureVue<sup>HD</sup> glass and standard float glass under daylight conditions.

## Additional Strength

Bracing arms provide additional support, strength and safety for all double panel bath screens and our elegant Walk In and Shower Screen enclosures.

*Double Panel Bath Screen Bracing Arm*

## Adaptability

For the perfect finish every enclosure has an adjustment for out of true walls built into each wall profile. The full range of tolerance is shown in the dimensions chart on each page.

*Adjustable Wall Profiles*

## Versatility

To match your room design all enclosures, doors and the majority of bath screens are designed for left or right hand fitting. However, please consult Lakes Bathrooms before ordering to ensure compatibility with site conditions.

# Shower Trays

Our trays are available in traditional stone resin and contemporary lightweight designs.

All have a high quality surface finish and are available in a choice of styles to suit your available space. Lightweight trays (max 25kg for the largest size) have a 40mm low profile. Stone resin trays are available in a 45mm low profile or in standard 80mm height.

***And now, our Lightweight Range is steel re-inforced and benefits from an integrated anti-bacterial agent, impregnated into the raw material of the tray. It protects against harmful bacteria and suppresses mould growth for an even more hygienic bathroom.***

from £104.40 Inc. VAT

**Please note:** There is an additional £10 delivery charge when ordering a single tray without an enclosure.

New Feature

on all our  
Lightweight Trays  
as standard

# Tray Ranges

**IMPORTANT: Waste positions vary depending on tray shape and type i.e. Lightweight or Stone Resin. For a full technical data sheet, visit [www.lakesbathrooms.co.uk/traydatasheet](http://www.lakesbathrooms.co.uk/traydatasheet).**

## Standard Tray Shapes

Trays can be supplied to fit all models. Quadrants are designed to fit a 550mm tray radius. All Walk-In enclosures may be fitted to a wide range of tray sizes; please contact Lakes Bathrooms for advice. Certain trays may vary slightly from those shown.

Acrylic Capped Resin (ABS) Tray and Easy-Plumb kit with magnetic side panels

80mm Stone Resin Tray and Easy-Plumb kit

90mm Waste Suitable for all low profile trays

## Special Trays

Important Note: The Bow Fronted Slider and Curved Corner Slider require special trays which are designed specifically for these models. They should, therefore, be purchased together with the tray. See relevant enclosure pages for tray pricing on these products.

Bow Fronted Slider Low Profile Easy-Plumb (see p49)

Curved Corner Slider Low Profile Easy-Plumb (see p51)

Acrylic Capped Resin (ABS) Tray with curved raised drying area

Acrylic Capped Resin (ABS) Tray with square raised drying area

# Contemporary Lightweight Trays (one-man lift)

**Please note:** There is an additional £10 delivery charge when ordering a single tray without an enclosure.
