Lie back, sink in & relax...

It goes without saying that plentiful storage and stylish bathroom products will turn your bathroom from a functional space into a room with understated style, in which you can relax and unwind.

With over a quarter of a century of experience Roper Rhodes pioneers the way with innovative and thoughtful features to make bathing an altogether more enjoyable experience.

Bathrooms today mix luxury with techno know-how to stunning effect; from soft-close cabinets, toilet seats, steam-free mirrors to hands-free infrared light switches. It's all in the detail.

Indulge the designer in you - we hope you enjoy looking through our brochure and are sure you will be inspired to create your very own bathroom vision.

# CABINETS

Beautifully manufactured bathroom cabinets offer an alternative to mirrors, particularly for those seeking additional storage space.

---

The Roper Rhodes collection of cabinets is available in a wide range of sizes, specifications and finishes - combining functionality and stylish design.

Make your choice from either the wall mounted or freestanding cabinets, designed to suit any style of bathroom.

# ASCENSION

## Cabinets

A range of sleek and über-stylish anodised aluminium bathroom cabinets.

Four designs to choose from depending on the overall look you wish to achieve. Exuding style, complete with superb engineering and many thoughtful features such as the no-touch infrared on/off switch which safely turns on the lights, through to the fine detail of the curved aluminium body.

Equinox, Pinnacle and Absolute all feature a sleek LED light fitting which provides subtle mood lighting for your bathroom. The LED light is operated using the no-touch infrared switch, featured on the right-hand side of the cabinet. Reference offers both substantial storage and the added benefit of a useful full-length dressing mirror.

Adjustable internal glass shelves provide ample storage for all your bathroom products. The overlapping cabinet doors provide an easy to use and cleverly concealed handle without compromising the design of the cabinets.

ASCENSION Pinnacle Cabinet shown here with ENVY wallmounted Washstation.

## 3. ABSOLUTE

Triple mirror glass door cabinet.  
Sleek light fitting incorporating 28 LEDs.  
Shaver socket. 6 Adjustable glass shelves.  
767(w) x 700(h) x 144(d)  
Please add 55mm to the overall height of  
the cabinet to allow for the light fitting.  
Product code: AS767AL - £425.00

## 4. REFERENCE

Tall mirror glass door cabinet.  
3 Adjustable glass shelves.  
315(w) x 1450(h) x 144(d)  
Product code: AS315AL - £295.00

## FEATURES FOR ALL ASCENSION CABINETS

- Curved anodised aluminium body.
- Double sided mirror doors.
- 6mm laminated safety mirror glass.
- Solid construction with door seals on all edges.
- Adjustable glass shelves.

## FEATURES FOR CABINETS WITH ELECTRICS

- Shaver socket.
- No-touch infrared on/off switch.
- Enclosed electrics for safety.
- Long-life LEDs - life expectancy 60,000 hours of continuous use.
- Light fitting incorporating 28 white LEDs.

### 1. CURVED ANODISED ALUMINIUM BODY

The solid and robust construction of the curved anodised aluminium body makes it hardwearing, rust proof and easy to maintain - ideal for use within the bathroom environment.

### 2. LIGHTING

Light fitting incorporating 28 white LEDs - life expectancy 60,000 hours of continuous use.

### 3. INFRARED ON/OFF SWITCH

A safe and easy to use infrared on/off switch, enables the user to activate the lighting without the need to touch the cabinet. Simply move your hand in front of the sensor to activate. Please note: the product must be mounted a minimum of 150mm from an adjacent wall/surface or obstruction to ensure correct function of the infrared sensor. The sensor is mounted on the right hand side of cabinet.

### 4. ADJUSTABLE GLASS SHELVES

Cabinets are all supplied with adjustable glass shelves.

### 5. SHAVER SOCKET

Equinox, Pinnacle and Absolute cabinets are fitted with a power socket for electric shavers and toothbrushes which can be operated independently to the lights.

# SENSORY

## Cabinets

Stylish designer looks combine with practical efficiency.

---

Three distinct designs of real wood veneer and high gloss white cabinets in three striking finishes - choice and style is always paramount, whatever your storage requirements.

Useful features such as soft-close doors for quiet and controlled closure and a no-touch infrared on/off switch combines safety and functionality for the bathroom.

Vision and Instinct cabinets feature LED lights to provide subtle mood lighting for your bathroom. The LED lighting is operated using the no-touch infrared switch, featured on the underside or to the right of the cabinet. Serenity provides not only excellent storage capacity but also a full-length dressing mirror.

Internal glass shelves provide ample storage for all your bathroom products.

SENSORY Instinct Walnut Cabinet shown here with KATO Washstand.

## SENSORY & ASCENSION CABINETS WITH ELECTRICS

Sensory and Ascension cabinets have been designed and independently tested for compliance to electrical equipment (safety) regulations. Standards applicable to Sensory and Ascension cabinets are: BS EN 60825-1: 1994 inc Amd 1: 1996, Amd 2: 1997 & Amd 3: 2002 & Corrigendum 1 (Class 1 LED product) BS EN 60598-1: 2004, EN 60598-2-1: 1989, BS EN 60598-2-2: 1997 & Amd 1 (Instinct only). LED's have a life expectancy of 60,000 hours continuous use. All light fittings are replaceable and are available from Roper Rhodes customer service. Sensory and Ascension cabinets are only suitable for use in Zone 3 and outside zones according to the latest IEE regulations. All Ascension cabinets are class I insulated and require an earth connection. Sensory cabinets are class II insulated and do not require an earth connection.

IMPORTANT - all cabinets featuring infrared technology must be mounted a minimum of 150mm from an adjacent wall or obstruction to ensure correct function of the infrared sensor.

## IMAGES CABINETS WITH ELECTRICS

Images bathroom cabinets with lights and shaver sockets have been designed and independently tested for compliance to British Electrical Equipment (Safety) Regulations 1994. Standards applicable are: BS EN60598-2-6: 1995 and BS EN60742: 1996 (BS 3535: Part 1 1996). Cabinets are Class II double insulated - no earth connection required. IP23 electrical connections should be made according to National Wiring Regulations. Installation by a competent electrician is advised. Shaver sockets are suitable for shavers and rechargeable toothbrushes. Maximum power output 20VA. Shaver socket is switched independently to the lights. Images cabinets with lighting are suitable for use within zone 3 and outside zones. See page 34 for zone diagram.

## EDEN LIGHT KITS

Eden lights are class II double insulated - No earth connection required. Electrical connections should be made according to IEE national wiring regulations. Installation by a competent electrician is advised. Eden lights are suitable for bathroom use but should not be located in a sauna or shower cubicle. The lights should be installed in 'zone 3' or 'outside zones' of the bathroom in accordance with the latest IEE regulations. Eden lights have been designed and independently tested for compliance to British Electrical Safety Standards including: BS EN 60598-1: 2000 AMD:1-4, BS EN 60598-2-1: 1989.

## SIGNATURE LIGHT KITS

Signature lights are class II double insulated - No earth connection required. Electrical connections should be made according to IEE national wiring regulations. Installation by a competent electrician is advised. Signature lights are suitable for bathroom use but should not be located in a sauna or shower cubicle. The lights should be installed in 'zone 3' or 'outside zones' of the bathroom in accordance with the latest IEE regulations. Signature lights have been designed and independently tested for compliance to British Electrical Safety Standards including: BS EN 60598-1: 2000 AMD:1&2, BS EN 60598-2-1: 1989.

# MIRRORS

When it comes to adding the finishing touches to your bathroom, Roper Rhodes have designed an inspiring range of mirrors.

---

Attention to detail is demonstrated by the use of specialised quality fittings throughout the collection, with thoughtful features such as heated de-mister pads and no-touch infrared on/off switching.

Mirrors can play an essential role in the bathroom not only for their obvious functional uses but also by creating a feeling of space or simply to generate ambient lighting for you to relax and unwind.

# CLARITY

## Mirrors

A range of illuminated LED and Backlit bathroom mirrors. Each mirror incorporates heated de-mister pads and no-touch infrared on/off switching. The Clarity LED mirrors provide subtle mood lighting and are available in three striking designs. The four stylish backlit mirrors offer functional lighting for everyday tasks.

All the mirrors within the Clarity range have been fitted with heated de-mister pads, making steamy mirrors a thing of the past. See page 34 for details.

Roper Rhodes has also introduced a safe and easy to use infrared on/off switch, enabling the user to activate the lighting without the need to touch the mirror. See page 34 for details.

Finally, all mirrors are IP44 water resistance rated and are suitable for use in zones 2, 3 and outside zones in the bathroom. See page 34 for details.

Clarity Star mirror shown here with Sapporo Washstand and Reef Mixer Taps.

# CLARITY

LED Mirrors

## 1. PULSE

LED illuminated mirror (60 LEDs).  
Can be mounted landscape or portrait.  
800(h) x 600(w) x 40mm(d)  
De-mister pad size: 450(h) x 340mm(d)  
Product code: MLE310 - £221.54

## 2. FLARE

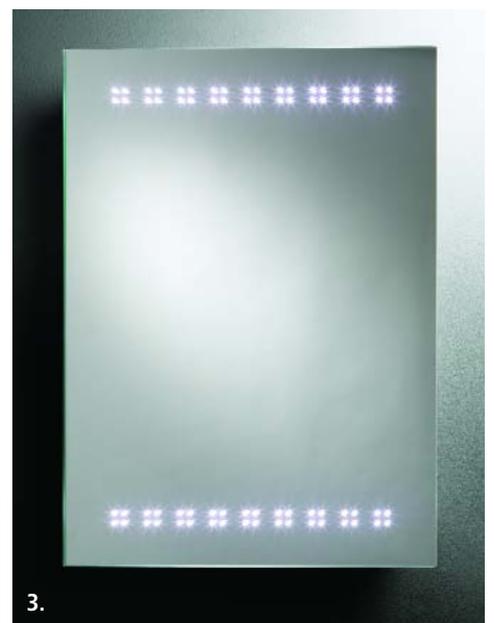

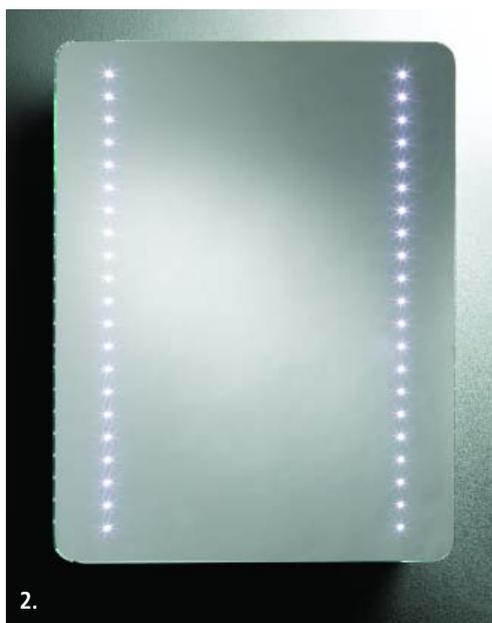

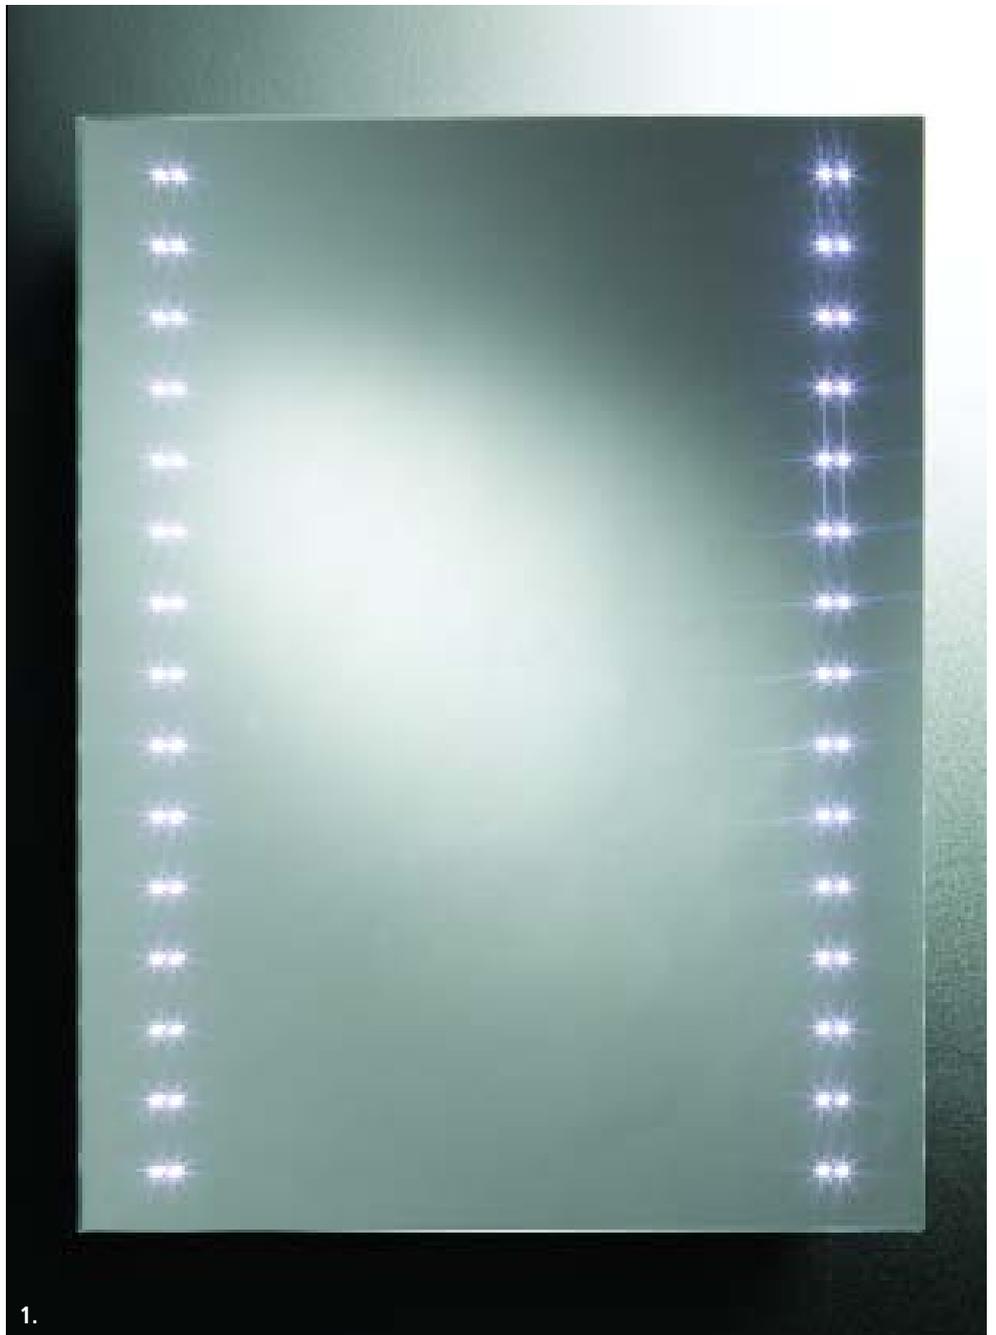

LED illuminated mirror (42 LEDs).  
Can be mounted landscape or portrait.  
730(h) x 530(w) x 40mm(d)  
De-mister pad size: 450(h) x 340mm(d)  
Product code: MLE320 - £210.94

## 3. STAR

LED illuminated mirror (72 LEDs).  
Can be mounted landscape or portrait.  
730(h) x 530(w) x 40mm(d)  
De-mister pad size: 450(h) x 400mm(d)  
Product code: MLE300 - £210.94

## FEATURES FOR CLARITY LED MIRRORS

- Heated de-mister pad.
- No-touch infra-red on/off switch.
- IP44 rated - for safe use above basin.
- Enclosed electrics for safety.
- Can be mounted landscape or portrait.
- Easy to install.
- 5mm mirror glass.
- PVC film backed safety glass.
- Long-life LEDs - life expectancy 60,000 hours of continuous use.

Backlit Mirrors

## 1. ECHO

Backlit mirror.

1 x T9 40w circular fluorescent bulb.

Can be mounted landscape or portrait.

800(h) x 550(w) x 46mm(d)

De-mister pad size: 450(h) x 400mm(d)

Product code: MLB200 - £185.50

## 2. SOLAR

Backlit mirror.

1 x T9 40w circular fluorescent bulb.

600mm(diameter) x 46mm(d)

De-mister pad size: 300mm(diameter)

Product code: MLB220 - £164.30

## 3. DREAM

Backlit mirror.

1 x T9 40w circular fluorescent bulb.

Can be mounted landscape or portrait.

650(h) x 550(w) x 46mm(d)

De-mister pad size: 450(h) x 400mm(d)

Product code: MLB210 - £164.30

## 4. ASPECT

Backlit mirror.

1 x T9 40w circular fluorescent bulb.

Can be mounted landscape or portrait.

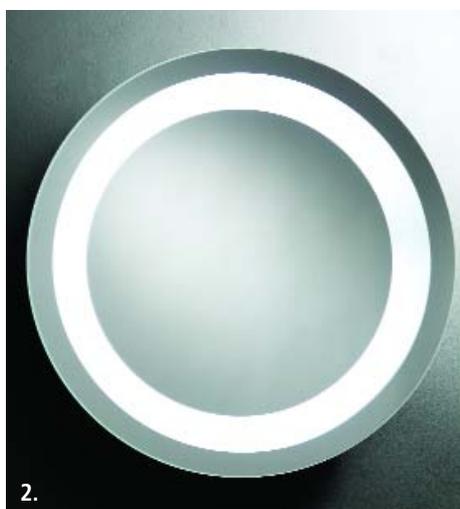

800(h) x 550(w) x 46mm(d)

De-mister pad size: 450(h) x 400mm(d)

Product code: MLB230 - £185.50

1.

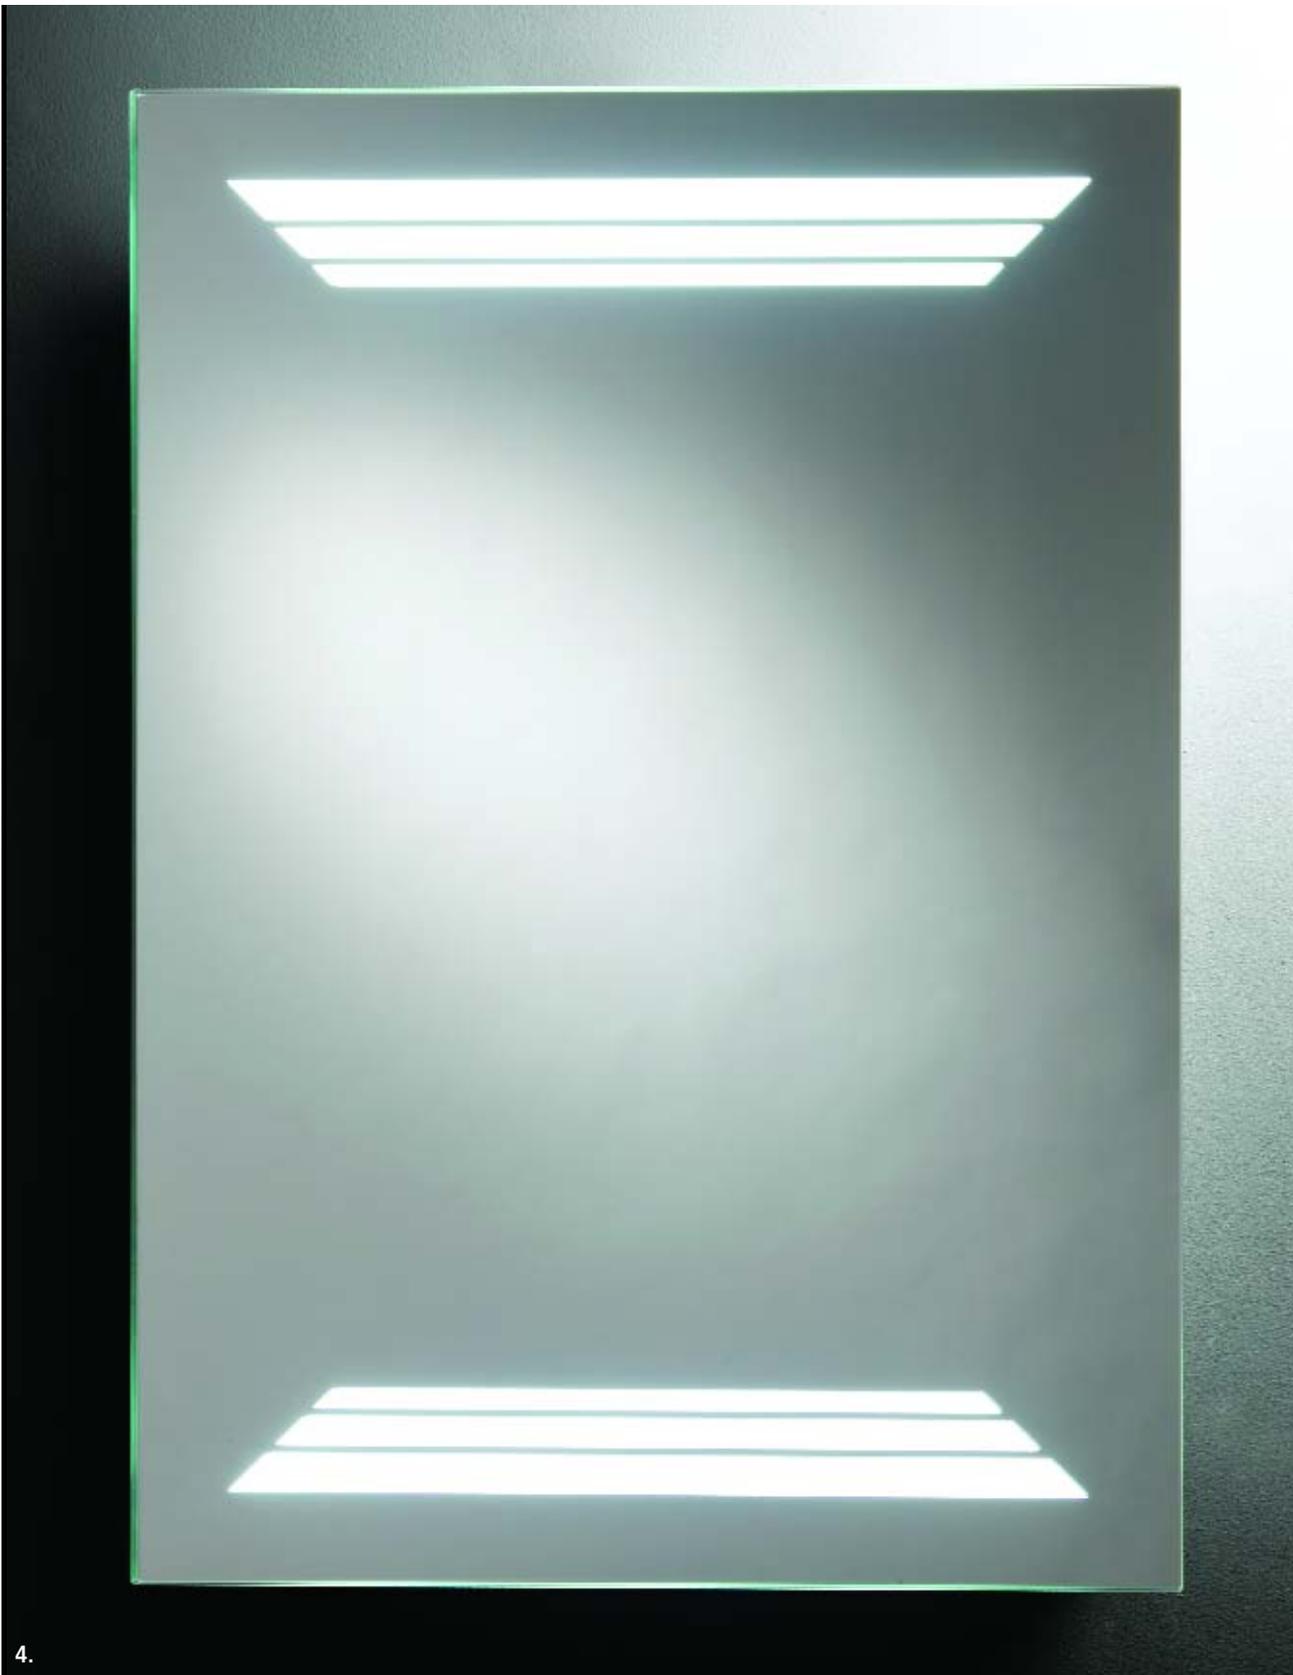

2.

3.

## FEATURES FOR CLARITY BACKLIT MIRRORS

- Heated de-mister pad.
- No-touch infra-red on/off switch.
- IP44 rated - for safe use above basin.
- Enclosed electrics for safety.
- Can be mounted landscape or portrait.
- Easy to install.
- 5mm mirror glass.
- PVC film backed safety glass.

## FEATURES FOR ALL CLARITY MIRRORS

### 1. LOOK - NO HANDS!

A safe and easy to use infrared on/off switch, enables the user to activate the lighting without the need to touch the mirror. Simply move your hand in front of the sensor to activate.

### 2. THE VEIL HAS BEEN LIFTED...

All the mirrors within the Clarity range have been fitted with their own heated de-mister pad, making steamy mirrors a thing of the past. The heated de-mister pad will heat the mirror to a few degrees above room temperature within 2-3 minutes preventing the mirror from misting in even the steamiest of bathrooms. The de-misting effect will spread approximately 10-20% further than the pad itself.

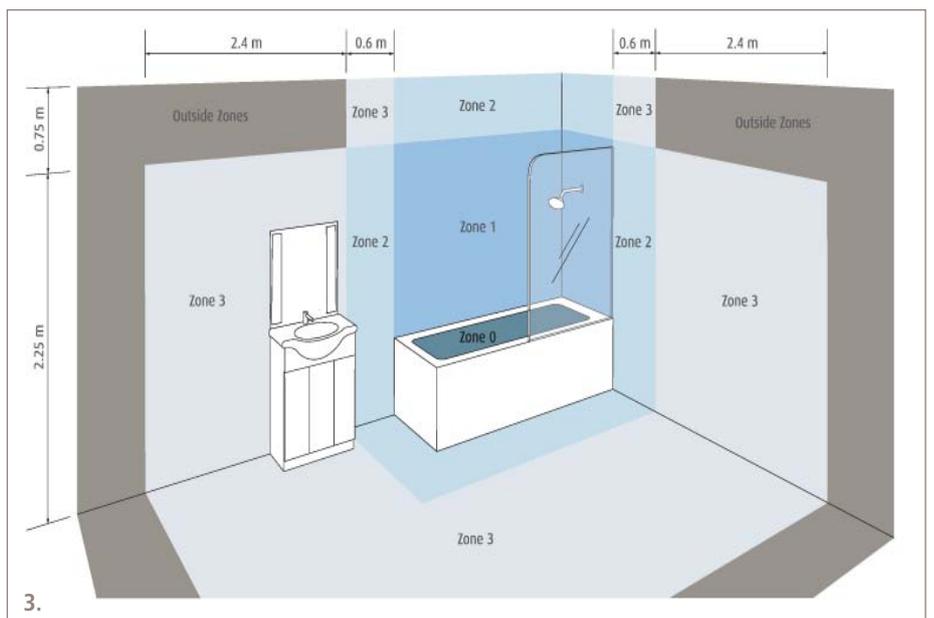

### 3. ZONES FOR ELECTRICAL EQUIPMENT IN CLOSE PROXIMITY TO BATH & SHOWERS

Roper Rhodes backlit and LED mirrors have been independently tested for compliance with electrical equipment (safety) regulations. All Clarity mirrors are IP44 water resistance rated and are suitable for use in zones 2, 3 and outside zones in the bathroom.

#### Important notes

Clarity mirrors must be mounted so that the sensor switch is a minimum of 150mm from an adjacent wall or obstruction to ensure function of the sensor switch. If a mirror is mounted portrait, the sensor is located on the bottom right hand edge of the mirror. If mounted landscape, the sensor switch is located on the bottom left hand corner. The sensor can be repositioned if necessary to avoid obstructions. Please refer to the product installation instructions for full details on how to do this.

# CONTEMPORARY BATHROOM MIRRORS

---

## 1. GLIDE

Swivel square mirror with frosted edge.  
450(h) x 580mm(w) incl. wall plates.  
Chrome finish.  
Product code: 9504.02 - £87.84

## 2. TONE

Oval mirror with frosted edge.  
450(h) x 350mm(w)  
Chrome finish.  
Product code: 6204.02 - £64.99

## 3. LINCOLN

Round mirror with frosted edge.  
450mm(diameter)

Chrome finish.  
Product code: 73004.02 - £64.99

Satin Chrome finish. (not shown)  
Product code: 73004.06 - £64.99

## 4. PLANET

Swivel round mirror with frosted edge.  
450mm(dia) x 535mm(w) incl. wall plates.  
Chrome finish.  
Product code: 1504.02 - £85.59

# ECLIPSE

## Mirrors

### 1. ROUND

Round mirror with adjustable shelf.  
500mm(diameter) - Shelf 500mm(w)  
Chrome finish.  
Product code: 361.02 - £114.93

### 2. SQUARE

Square mirror with adjustable shelf.  
500mm(square) - Shelf 500mm(w)  
Chrome finish.  
Product code: 362.02 - £114.93

# SIGNATURES

## Mirrors

A range of rectangular mirrors available in four finishes which can be mounted either landscape or portrait.

1. **WHITE FINISH** Shown with optional polished chrome Signatures light kit (not included). 750(h) x 500mm(w)  
Product code: SGPM7W - £68.65

2. **BEECH FINISH** Shown with optional polished chrome Signatures light kit (not included). 750(h) x 500mm(w)  
Product code: SGPM7B - £82.91

3. **OAK FINISH** Shown with optional polished chrome Signatures light kit (not included). 750(h) x 500mm(w)  
Product code: SGPM7NO - £82.91

4. **WALNUT FINISH** Shown with optional polished chrome Signatures light kit (not included). 750(h) x 500mm(w)  
Product code: SGPM7AW - £82.91

There is a choice of either the Signatures or Eden light kit.

### 5. SIGNATURES LIGHT KIT\*

Chrome finish.  
Product code: SL33C - £83.03  
Satin Chrome Finish  
Product code: SL33SC - £83.03  
335mm(w) - G4 10w bulb type.

### 6. EDEN LIGHT KIT\*

Polished aluminium finish.  
Product code: EDL40PA - £118.32  
Brushed aluminium finish.  
Product code: EDL40A - £110.23  
400mm(w) - T2 8w bulb type.

\*Light kits are suitable for use within zones 3 and outside zones. See page 34 for zone diagram.

1.

2.

# CONNECT

Mirror

---

## 1. CONNECT

Real Oak veneer framed backlit mirror.

Pull on/off switch.

600(h) x 850mm(w)

The light is supplied with 2 x T5 8w bulbs.

Product code: COM130 - £187.41

The Connect Mirror is suitable for use within zone 3 and outside zones. See page 34 for zone diagram.

# SAPPORO

Mirrors

---

A rectangular solid wood mirror with stainless steel disc inserts.

---

## 1. BEECH

Rectangular mirror.

Can be mounted landscape or portrait.

600(h) x 800mm(w)

Product code: SAM60B - £135.97

## 2. WENGE

Rectangular mirror.

Can be mounted landscape or portrait.

600(h) x 800mm(w)

Product code: SAM50WE - £135.97

# EDEN

## Mirrors

---

### 1. OAK

Real Oak veneer rectangular mirror with frosted detail.

Shown with optional brushed aluminium Eden light kit.

PVC film backed safety glass.

750(w) x 550mm(h)

Real Oak veneer finish.

Product code: EDM75O - £95.00

Light kit not included.

### 2. WHITE

High gloss white rectangular mirror with frosted detail.

Shown with optional brushed aluminium Eden light kit.

PVC film backed safety glass.

750(w) x 550mm(h)

Product code: EDM75W - £86.35

Light kit not included.

#### EDEN LIGHT KIT\*

Brushed aluminium finish. (Shown here).

Product code: EDL40A - £110.23

Polished aluminium finish. (Not shown)

Product code: EDL40PA - £118.32

400mm(w) - T2 8w bulb type.

\*Light kits are suitable for use within zones 3 and outside zones. See page 34 for zone diagram.

### ELECTRICAL INFORMATION FOR CLARITY MIRRORS

Clarity mirrors have been designed and independently tested for compliance to electrical equipment (safety) regulations. Standards applicable to Clarity LED mirrors: BS EN 60598-1: 2004, BS EN 60598-2-1: 1989, EN 60529: 1992, AMD 1: 1993, AMD 2: 2000, Level IP44. The heated mirror pad energy consumption is approx. 0.046kw/h. LEDs have a life expectancy of 60,000 hours in continuous use. All light fittings are replaceable and are available from Roper Rhodes Customer Service.

Standards applicable to Clarity Backlit mirrors: EN 55015: 2001, BS EN 60598-1: 2000, AMD: 2001, BS EN 60598-2-1: 1989.

Solar, Echo, Dream and Aspect all feature 1 x T9 40w circular fluorescent tube, which is available from most electrical component stores.

### ELECTRICAL INFORMATION FOR SIGNATURE LIGHT KITS

Signature lights are class II double insulated - No earth connection required. Electrical connections should be made according to IEE national wiring regulations. Installation by a competent electrician is advised. Signature lights are suitable for bathroom use but should not be located in a sauna or shower cubicle. The lights should be installed in 'zone 3' or 'outside zones' of the bathroom in accordance with the latest IEE regulations. Signature lights have been designed and independently tested for compliance to British Electrical Safety Standards including: BS EN 60598-1: 2000 AMD:1&2, BS EN 60598-2-1: 1989.

### ELECTRICAL INFORMATION FOR EDEN LIGHT KITS

Eden lights are class II double insulated - No earth connection required. Electrical connections should be made according to IEE national wiring regulations. Installation by a competent electrician is advised. Eden lights are suitable for bathroom use but should not be located in a sauna or shower cubicle. The lights should be installed in 'zone 3' or 'outside zones' of the bathroom in accordance with the latest IEE regulations. Eden lights have been designed and independently tested for compliance to British Electrical Safety Standards including: BS EN 60598-1: 2000 AMD:1-4, BS EN 60598-2-1: 1989.

### ELECTRICAL INFORMATION FOR CONNECT LIGHTS

The Connect Mirror is suitable for zone 3 or outside zones and complies with electrical safety standards including: BS EN 60598-1: 2000 & AMD's TO 1 TO 4, BS EN 60598-2-1: 1989 & BS EN 55015: 2001. The light is supplied with 2 x T5 8 watt fluorescent bulbs.

# TOILET SEATS

A Roper Rhodes toilet seat adds an extra touch of style and individuality to any bathroom.

---

Roper Rhodes are the UK's leading supplier of toilet seats and our extensive range offers numerous choices of finish, style and size.

We lead the field by offering unique and useful design features, top quality finishing, innovative styling and most importantly - providing toilet seats that look good and stay looking good.

# WHAT TO LOOK FOR WHEN CHOOSING A SEAT

## THERMOSET PLASTIC SEATS

Elite, Curve, Infinity & Comet prove more than good looks with their smooth, aesthetic appearance. They are manufactured from thermoset plastic (not to be confused with cheap polypropylene) which is a highly durable material that can withstand heavy household usage. It's strength and suitability as a material for toilet seats is due to the manufacturing process. The seat is heated under high pressure and then left to set, providing an extremely hardwearing and impact resistant surface.

## Anti-bacterial protection

An environmentally friendly, built-in additive provides a hygienic and protective finish against bacteria, fungi and microbes. It works on impeding the spread of bacterial cultures on the surface of the seat and kills them at specific intervals.

## SOLID WOOD SEATS

The beauty of a real, solid wood toilet seat is unbeatable. However, not all solid wood seats are the same. At Roper Rhodes - beauty is more than skin deep.

## Reinforced seating

Roper Rhodes solid wood seats have seat rings which are reinforced with hidden wooden dowels for outstanding rigidity and strength.

## Top timber quality

Carefully selected finest timbers from sustainable sources provide a quality of finish that we feel is unequalled in the UK.

## Non slip, high strength, colour co-ordinated seat buffers

Buffers on our solid wood seats are made from co-injected nylon and rubber materials (apart from Origin & Oslo which have special low profile buffers). The nylon core offers excellent strength against crushing whilst the colour co-ordinated rubber outer surface prevents slipping and seat movement. This, in turn, reduces the stresses placed upon the wood.

## WOOD VENEERED OR PAINTED (MDF) SEATS

This type of seat differs from solid wood in that a layer of real wood veneer, or a high quality painted finish is applied to an MDF core. This core is extremely strong and gives a blend of beauty and strength. But although veneered seats are quite common, you'll be wise to check out the following features.

# KEEPING AN EYE ON DETAIL

## ATTENTION TO DETAIL

Attention to detail is what separates a good toilet seat from a bad toilet seat. That's why at Roper Rhodes we use our vast experience and keep a close eye on every aspect of design and manufacture.

## WATER RESISTANT FINISH

All our wooden seats are coated in hardwearing polyurethane varnish for a long lasting, hygienic finish. Thermoset plastic and solid resin seats are naturally waterproof.

## SOFT CLOSE HINGES

Soft close hinges are available with Elite, Curve, Infinity, Comet, Origin and Jupiter (chrome only) models of toilet seats. We have developed a soft close hydraulic hinge mechanism for controlled and quiet closure of the seat lid and ring.

This automatic closure mechanism is invisibly integrated into the hinge body so as not to interfere with the design of the seats, as well as ensuring the lid and ring can be closed gently and with minimum noise. A single fingertip touch is enough to trigger the mechanism. Soft close mechanisms are particularly handy in households with children and has been tested to 100,000 cycles, which is equivalent to approximately 50 years of use.

## EXTREMELY STRONG HINGES

Roper Rhodes have undertaken special metallurgical tests to ensure the strength of our seat hinges. All our standard hinges are made from solid brass, except for Origin, Oslo, Infinity and Curve models, which feature a corrosion-resistant, stainless steel hinge mechanism.

## "NO CORRODE" HINGES

All of our toilet seats feature corrosion-resistant hinges, with the exception of Malvern and Cotswold. Hinge corrosion - for so long the nemesis of toilet seats, has been banished forever. High quality chrome plated hinges (or stainless steel for standard Infinity, Curve, Comet, Origin and Oslo models) feature stainless steel screws and our gold finish hinges are PVD coated (Physical Vapour Deposition) - a tarnish and scratch resistant titanium coating.

## ROPER RHODES BRANDING

We are so proud of our solid wood toilet seats we have even added a stylish Roper Rhodes nameplate!

# ELITE

Quick release thermoset plastic toilet seat with soft close hinges.

## 1. WHITE - soft close hinges

Chrome plated hydraulic hinges for controlled and quiet closure of seat lid and ring.

Product code: 8601WSC - £54.18

### QUICK RELEASE HINGES

Easy to operate quick release mechanisms are pushed allowing the seat to lift away.

### SOFT CLOSE HINGES

Soft-closing seat hinges ensure quiet seat closure.

### SUPERIOR HYGIENE

The Elite seat allows improved bathroom hygiene to be achieved thanks to a combination of key features:

An all new quick release hinge mechanism means the entire seat can be lifted away in an instant leaving clear access to clean hard to reach surfaces thoroughly. Simply push the hinge release mechanisms and lift away.

In addition, the built-in Anti-Bacterial additive within the plastic helps maintain a bacteria free seat by impeding the spread of bacterial cultures - helping you when you least expect it.

- Quick release hinges for easy cleaning.
- Built-in anti-bacterial protection.
- Weight 3 Kgs.
- Lifetime guarantee against seat breakage and hinge corrosion.
- Fits most toilet suites.
- Highly durable thermoset plastic for strength and longevity.
- UV protection to prevent discolouration.
- Corrosion free hinges and fixings.
- Extremely hardwearing impact resistant surfaces.

# CURVE

Wrap around design, thermoset plastic toilet seat with conventional or soft close hinges.

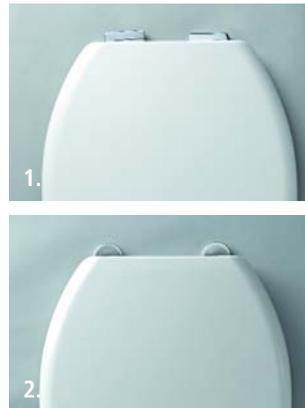

## 1. WHITE - soft close hinges

Chrome plated hydraulic hinges for controlled and quiet closure of seat lid and ring.  
Product code: 8402WSC - £43.59

## 2. WHITE - conventional hinges

Extra strong, precision made, non-slip, non-loosening stainless steel fully adjustable hinges.  
Product code: 8402WS - £35.29

- Built-in anti-bacterial protection.
- Weight 2.4 Kgs excluding hinges.
- Lifetime guarantee against seat breakage and hinge corrosion.
- Contemporary wrap-around lid design.
- Highly durable thermoset plastic for strength and longevity.
- UV protection to prevent discolouration.
- Corrosion free hinges and fixings.
- Extremely hardwearing impact resistant surfaces.

# INFINITY

Slim profile, thermoset plastic toilet seat with conventional or soft close hinges.

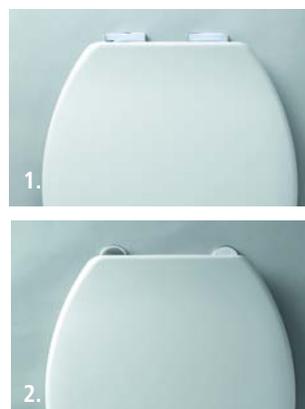

## 1. WHITE - soft close hinges

Chrome plated hydraulic hinges for controlled and quiet closure of seat lid and ring.  
Product code: 8401WSC - £43.59

## 2. WHITE - conventional hinges

Extra strong, precision made, non-slip, non-loosening stainless steel fully adjustable hinges.  
Product code: 8401WS - £35.29

- Built-in anti-bacterial protection.
- Weight 2.4 Kgs excluding hinges.
- Lifetime guarantee against seat breakage and hinge corrosion.
- Contemporary low profile design.
- Highly durable thermoset plastic for strength and longevity.
- UV protection to prevent discolouration.
- Corrosion free hinges and fixings.
- Extremely hardwearing impact resistant surfaces.

# COMET

Compact design, thermoset plastic toilet seat with conventional or soft close hinges.

## 1. WHITE - soft close hinges

Chrome plated hydraulic hinges for controlled and quiet closure of seat lid and ring.  
Product code: 8501WSC - £43.59

## 2. WHITE - conventional hinges

Extra strong, precision made, non-slip, non-loosening stainless steel fully adjustable hinges.  
Product code: 8501WS - £35.29

- Suitable for short projection pans, including the following: Lecico-Atlas, RAK-Gloria, Mandarin-Wesley, Ideal Standard-Studio, Qualitas-Camargue, Roca-Laura.
- Built-in anti-bacterial protection.
- Weight 2.4 Kgs excluding hinges.
- Lifetime guarantee against seat breakage and hinge corrosion.
- Contemporary low profile design.
- Highly durable thermoset plastic for strength and longevity.
- UV protection to prevent discolouration.
- Corrosion free hinges and fixings.
- Extremely hardwearing impact resistant surfaces.

# ORIGIN

Ultra low profile, solid wood seat with conventional or soft close hinges.

## 1. SOLID WALNUT

Soft close hinge: 8300AWSSC - £75.66  
Stainless steel hinge: 8300AWS - £66.74

## 2. SOLID TEAK

Soft close hinge: 8300TSSC - £96.42  
Stainless steel hinge: 8300TS - £88.22

## 3. SOLID ZEBRANO

Soft close hinge: 8300ZSSC - £96.42  
Stainless steel hinge: 8300ZS - £88.22

## 4. SOLID OAK

Soft close hinge: 8300NOSSC - £75.66  
Stainless steel hinge: 8300NOS - £66.74

- Ultra low profile design with unique modern "squared" edges.
- Selection of high quality matt finishes.
- Chrome plated soft close hydraulic hinges for controlled and quiet closure of seat lid and ring (available in all finishes).
- Extra strong, precision made, non-slip, non-loosening stainless steel fully adjustable hinges (available in all finishes).
- Corrosion free hinges and screws.
- Solid wood with dowel reinforced seat ring for extra strength.
- Extremely hardwearing impact resistant surfaces.

# JUPITER

Solid wood toilet seat with conventional or soft close hinges.

## 1. MAHOGANY FINISH

Chrome hinges: 8070M - £46.08  
Soft close hinges: 8070MSC - £55.53

## 2. ANTIQUE PINE FINISH

Chrome hinges: 8070A - £46.08  
Soft close hinges: 8070ASC - £55.53

## 3. SOLID LIMED OAK

Chrome hinges: 8070LI - £55.94  
Soft close hinges: 8070LISC - £64.87

## 4. SOLID NATURAL OAK

Chrome hinges: 8070NO - £53.76  
Soft close hinges: 8070NOSC - £62.79

## 5. SOLID BEECH

Chrome hinges: 8070B - £69.44  
Soft close hinges: 8070BSC - £77.84

## 6. OPTIONAL GOLD PVD HINGES PACK SP0202 - £11.42

- Chrome plated soft close hydraulic hinges for controlled and quiet closure of seat lid and ring (available in all finishes).
- Developed to suit most suites including 6 litre flush models.
- Solid wood with dowel reinforced seat ring for extra strength.
- Precision made, non slip, non loosening hinges.
- Corrosion free hinges & screws and non slip, colour co-ordinated buffers.
- Extremely hardwearing impact resistant surfaces.

If Gold hinges are preferred, the optional Gold hinge pack should be purchased in addition to the selected seat. The original chrome hinge can then be easily replaced.

# OSLO

Low profile design, solid wood toilet seat.

## 1. SOLID BEECH

Product code: 8090BS - £69.02

## 2. SOLID WENGE

Product code: 8090WES - £86.15

- Low profile design.
- Solid wood construction with dowel reinforced seat ring for extra strength.
- Fits most toilet suites.
- Special low profile buffer.
- Extra strong, precision made, non slip, non-loosening stainless steel fully adjustable hinges.
- Corrosion free hinges and screws.
- Extremely hardwearing impact resistant surfaces.

# GREENWICH

Beautifully styled, solid wood toilet seat with bar hinge.

## 1. MAHOGANY FINISH

Chrome hinges: 8099M - £58.12

## 2. ANTIQUE PINE FINISH

Chrome hinges: 8099A - £58.12

## 3. SOLID LIMED OAK

Chrome hinges: 8099LI - £67.36

# BATH PANELS

A range of contemporary bath panels that give you the ultimate designer look to complement modern urban living.

---

Attention to detail is paramount and it is this that sets our range of contemporary bath panels apart. We have drawn from experience to focus on every aspect of their design and have used the very latest in modern materials. Contemporary bath panels in a choice of individual designs and finishes.

For many years bath panels have remained little more than a means of filling the void beneath the bath. At long last a range of distinctive panels that are design statements in their own right. Available in walnut, beech, wenge and natural oak veneered or gloss white finishes.

# PORTO

## Bath Panels

Real wood veneer or high gloss white painted finish on water resistant mdf core with LED feature lighting. (5 x 45mm diameter LED lights on front panel only). IP65 rated safe for use in all zones within the bathroom. See page 10 for zone diagram.

# CORNER POSTS FOR LARGER BATHS

One of the unique features of the range is the cornerpost, available in walnut\*, beech, wenge and natural oak\* real wood veneers or gloss white finish. These can be used on all models that have the **CP** symbol. **CP** Cornerposts enable panels to be adapted for use with 1800 x 800mm or 1700 x 750mm baths, as shown below. They are available in heights of 500mm or 600mm, with the 600mm being suitable with plinth installations. \*Walnut and Natural Oak are only available in 600mm high, but they can be cut down to suit your installation.

## 1. WHITE

500mm Corner post: CPOST1W - £24.20  
600mm Corner post: CPOST600W - £28.38

## 2. BEECH

500mm Corner post: CPOST1B - £24.20  
600mm Corner post: CPOST600B - £28.38

## 3. WENGE

500mm Corner post: CPOST1WE - £24.20  
600mm Corner post: CPOST600WE - £28.38

## 4. WALNUT

600mm Corner post: CPOST600AW - £35.77

## 5. NATURAL OAK

600mm Corner post: CPOST600NO - £28.38

## 6. CORNER POST POSITIONS

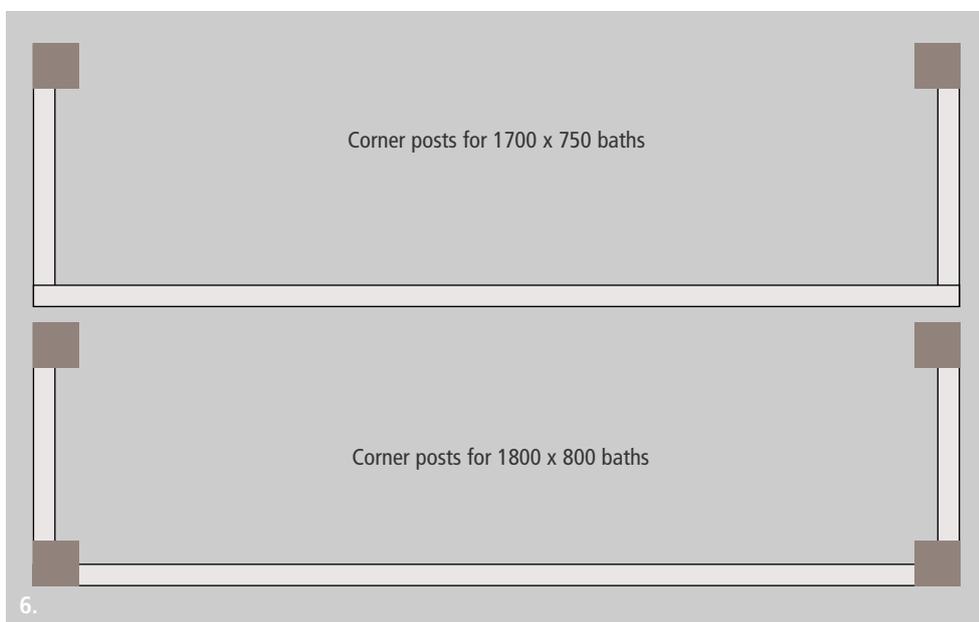

Illustrated opposite are the number of corner posts needed, showing the necessary positions for your bath installation.

## 7. CORNER POST - 500mm HIGH

Suitable for use without plinth installation.

## 8. CORNER POST - 600mm HIGH

Suitable for use with plinth installation.

# PLINTHS

Matching adjustable plinths are available to assist the installation and help achieve a perfect fit. Plinths can give you an additional height adjustment range of 120mm (max). Please note: plinths are not required for 800 Series or 500 Series as they are already supplied. Plinths are real wood veneered or white painted finish.

## FRONT panel plinths:

WHITE 1700mm: FPLINTH1W - £28.38

# FURTHER BATHROOM COLLECTIONS FROM ROPER RHODES

This brochure contains only a selection of the full range of products available from Roper Rhodes. Our other collections are illustrated below. Please ask your retailer for more information or visit [www.roperrhodes.co.uk](http://www.roperrhodes.co.uk).

## BATHROOM FURNITURE COLLECTION

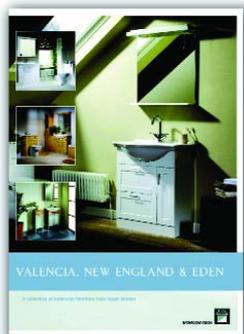

From large bathrooms to small cloakrooms, from a single product to a whole collection - over a quarter of a century of Roper Rhodes experience has set new standards in bathroom furniture.

## FITTED FURNITURE COLLECTION

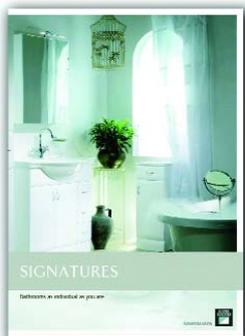

Stylish and versatile; our fitted furniture collection can be customised and tailored to suit all bathroom styles and sizes. A range packed full of the latest technologies, materials and clever storage ideas.

Roper Rhodes fitted furniture; transforming your bathroom into a place of order & tranquility.

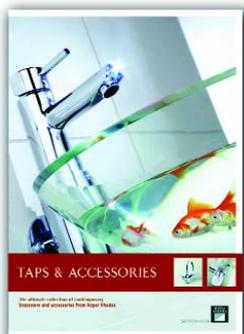

## VALENCIA, NEW ENGLAND & EDEN

The timeless versatility of the Valencia range, the understated Shaker lines of New England or the cool and contemporary Eden range will have something to suit all tastes. Indulge the designer in you. We are sure you will be inspired to create your very own bathroom vision.

## SIGNATURES

Enter the world of the Roper Rhodes Signatures collection and discover a bathroom experience like no other. Cool and contemporary or warm and traditional, the six Signatures ranges can be adapted to suit your ideal design desires and create a bathroom that beautifully matches your life and your lifestyle.

## TAPS & ACCESSORIES COLLECTION

A collection of taps and accessories from Roper Rhodes that are not only beautiful on the eye but superbly well engineered for durability. From the ultra contemporary to more traditional, timeless designs, there is something to suit everyone.

### **Quality & Service**

As one of the UK's largest suppliers of bathroom furniture and accessories, we set very high standards in design, manufacture and service. We also invest heavily in product improvement and innovation to ensure complete customer satisfaction.

Attention is drawn to the policy of replacing any damaged part with a spare part where possible. Complete exchanges will only be made if damage is extensive.

Roper Rhodes Ltd reserve the right to amend the specifications at any time if an opportunity to further improve the product occurs. All dimensions are approximate and are quoted within reasonable tolerances.

### **Pricing**

All prices quoted are inclusive of Value Added Tax, which will be charged at the rate applicable on the date of despatch. The prices charged will be those ruling at the date of despatch and Roper Rhodes cannot be held responsible for any errors or omissions to products or prices.
