# FEATURES MADE EASY

This collection of simple icons will help you to understand the features of each product more clearly.

## CD CERAMIC DISC CARTRIDGE

A simple device that improves the performance of your tap and gives it a longer life.

## QT QUARTER TURN

This range of taps can turn on and off with a quarter turn mechanism for ease of action and on/off flow.

## HP HIGH PRESSURE

Works on a minimum pressure of 0.5 or above.

## TC THERMOSTATIC CONTROL

A temperature controlling system which prevents sudden changes in water temperature therefore reducing the chance of scalding.

## WS WATER SAVING

Compatible with Neoperl® water flow regulators, which limits the flow of water at a pressure above 1 bar. A perfect solution for water saving requirements.

## LP LOW PRESSURE

Works on a minimum pressure 0.2 bar or above.

## CT CARTRIDGE TECHNOLOGY

Single lever cartridge allows easy adjustment of water flow. Moving the lever back controls the flow whilst moving the lever left and right controls the temperature.

## CV COMPRESSION VALVE

Compression valves require several full turns to open the valves fully. Traditionally found on kitchen taps or classic style taps.

Design, cost, service and quality are the foundations of our business. Always at the cutting edge, we are constantly creating and manufacturing products we know the customer will want at a price that's affordable.

Our closely controlled supply chain from conception right through to manufacture is streamlined and flexible. Mayfair's overseas manufacturing and offices in China, allow us to offer customers a competitive and flexible package to suit specific time frames and budgets. Our presence overseas also means we can maintain a tight control on cost and quality targets.

With 20 years of business experience behind us, we value the importance of developing and maintaining strong relationships with clients. Care is always taken to develop a culture of high quality customer service so you can be assured of a friendly and honest approach from our staff.
