NEW PERSPECTIVES

From large bathrooms to small cloakrooms, from a single product to a whole collection - over a quarter of a century of Roper Rhodes experience has set new standards in bathroom furniture.

Constant dialogue with our customers, architects and the plumbing trade ensures that the Roper Rhodes in-house design team continue to provide the best possible solutions for the great British bathroom.

LUXE

Instantly recognisable by its soft, rounded curves, Luxe offers a graceful and pleasantly retrospective styling, finished in chrome detailing. The range comprises three styles with the option for wall mounting or, if more storage is what you require, a freestanding washstand.

LUXE WALL MOUNTED WASHSTATION

Finished in a high gloss white, Luxe allows you a choice of two wall mounted styles. The first unit features two curved doors with chrome strip detailing beneath the basin. The doors are fitted with soft-close dampers for a smooth closing action. Your second wall mounted option is a high gloss white drawer unit. Super-strong self-close deep drawers are a notable development and provide plentiful storage for all your bathroom products.

FREESTANDING WASHSTAND & STORAGE

The freestanding washstand not only looks beautiful in its high gloss white finish, but it also has hidden depths. Within its smooth contours is room enough to store those day to day bathroom products, for a clear and tidy space, as well as soft-close dampers for a smooth door closing action.

LUXE FEATURES

1. Contemporary D-shaped ceramic basin

All good ideas start somewhere and the basin was the genesis of the Luxe range. The elegant radius and softly curved edges easily meet the standards we desire for the modern, minimalist bathroom.

Flare LED mirror

The Flare LED mirror has thoughtful features such as heated de-mister pads, infrared no-touch on/off switch and 42 LED lights.

2. Improved closing features

This range benefits from the added luxury of our self-close drawers, including the drawer adjustment feature, a useful little enhancement which enables you to perfectly align the drawer.

3. Wall mounted washstation - drawer detail

Deep self-closing drawer for a clutter free bathroom.

4. Storage unit

The soft rounded edges of the Luxe range are still apparent, as this theme carries through to the tall wall mounted storage unit. Four glass shelves allow you to discreetly store all of your day-to-day items away in this high gloss white co-ordinating storage unit. The soft-close door can be mounted for left or right hand opening, as well as having the option to site the unit in a corner or on a straight wall.

KATO

A new take on a classic design, Kato creates a freestanding washstand with chamfer detailing and three finishes which offer total choice and absolute style.

KATO

As a freestanding unit, the Kato washstand creates a unified style with chamfer detailing on the drawer and foot plinth. In order to allow it to blend into any area it is available in three finishes - high gloss white, contemporary walnut and light oak. With smooth chrome handle styling, the finished effect is traditional with a clever element of modernity.

ENVY

Ultra-sleek, ultra-contemporary and with a daring style that demands to be noticed. Envy offers a wall mounted washstation and co-ordinating storage unit in a range of modern finishes, including the option of a striking anthracite finish with its contrasting linear detailing on the sides.

1

ENVY

The washstation features a soft-close drawer mechanism for discreet closure, along with the slinky and sleek chrome handle to confirm its stylish credentials. Envy is available in a suite of finishes, including glossy anthracite with a modern linear detailing, indulgent walnut, high gloss white and light oak.

Clean style and clean lines combine in the Envy storage unit, with its two internal glass shelves - ideal for making a bold statement or even just for keeping the necessary bathroom items out of sight. Available in all four finishes.

The soft-close doors can be mounted for left or right hand opening.

SOHO

Achieving the perfect balance between the classic and the contemporary - the clean and classic lines of this solid oak framed washstand offer a truly contemporary look for the modern bathroom while retaining a warm, organic feel that is both timeless and stylish. Soho allows you the flexibility to select from a choice of washbasins and combine with either a white solid surface or real oak veneer worktop.

OAK WASHSTANDS

Today's design-led home demands beautiful cohesion, so the carefully crafted solid oak frame blends perfectly with the natural oak washstand. With form comes function and we have added essential features such as the large, practical self-close drawer with internal storage compartments - perfect for keeping a clutter-free bathroom space. The finishing touch is the stylish T-bar chrome handle which complements the clean lines of the washstand.

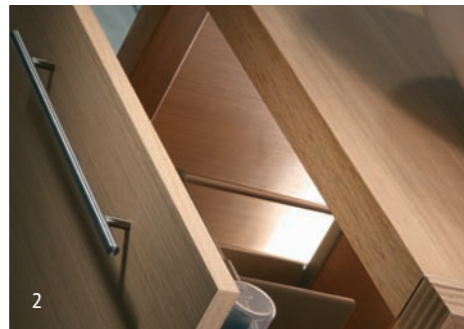

1. Freestanding oak washstand
sws600no £473.92

SOHO FEATURES

1&2. Worktop options

There are two worktops available in the Soho range: real oak veneer or a white solid surface option. The solid surface has the advantage of keeping its appearance for a long time as it is not only durable and hygienic, but water and impact resistant, which makes it wonderfully easy to maintain.

MODE FEATURES

1. Glass washbasins
The glass washbasins are available in a choice of either round or square design in a crystal clear finish and a stylish flat ground edge. All basins are manufactured from resilient 13mm toughened glass and have passed rigorous impact and thermal shock tests. As with all glass washbasins, excessively hot water should be avoided as damage may occur. We recommend a maximum hot water temperature of 60°C.
2. Ceramic washbasins
In addition to glass basins, the range offers alternative ceramic basins. Available in two sizes, mini 310mm (dia.) and maxi 425mm (dia.). (see Range Selector Guide p.50). Supplied with integral overflow.
3. Universal tap bracket
Specially designed chrome plated tap mounting bracket which offers you the choice and flexibility to select your variety of tap. The universal tap bracket allows pipework to be completely concealed into the wall if desired. Alternatively, the water supply can be directed through the base of the bracket. If you choose to fit wall mounted taps, tap brackets will not be required.
4. Column mounting
Polished chrome round or square column mounting with a solid floor and two point wall fixing method. Simple to install.

CLOAKROOM & SMALL BATHROOM COLLECTION

Recent years have seen a dramatic increase in the number of small bathrooms, en-suites and cloakrooms in our homes. Unfortunately, it has often been necessary to forgo stylish design when seeking bathroom products that have the space saving qualities required. We have responded to this by developing a collection of products that treat form and function with equal importance and embrace the desire to make our wash spaces a sophisticated style statement; whatever their size.

Freestanding furniture and cabinets

With the average sized cloakroom or en-suite measuring only 2m x 1m, furniture and storage solutions are an integral and often decisive part of the design. The range offers a choice of freestanding base units that will fit inconspicuously into the smallest spaces. The Cloakroom & Small Bathroom Collection includes models designed to maximise often wasted corners as well as slim-line furniture models designed to fit into the tiniest spaces.

Wall mounted furniture and basin solutions

A popular trick to create the illusion of space is to wall mount furniture and basins. Choose from our extensive collection to give you uninterrupted floor space, a trend which works particularly well with tiled floors and provides a contemporary and easy to clean environment.

ESTA

Esta is a sleek and elegant solution for the smaller bathroom for those who favour a freestanding unit. Available in three finishes, to suit your individual style.
